EDUCATION

Punyashlok Ahilyadevi Holkar University ,Solapur

M.Sc (Computer Science) | 2023 – 2025 | 75.00% **SANGOLA COLLEGE SANGOLA**

Bachelor of Computer Science | 2018 – 2021 | 81.98% **SANGOLA COLLEGE SANGOLA**

Pune Board

HSC (12th) | 2018 | 67.54% **M.A.P BALAJINAGAR**

SSC (10th) | 2016 | 86.20% **J.V.P BHANDARKAVATHE**

SKILLS SUMMARY

Languages & Frameworks: C, C++, C#, ASP.NET, MVC, ADO.NET

Web Technologies: HTML, CSS, JavaScript

Databases: SQL Server (SSMS), SQL

Tools & Platforms: Visual Studio, SQL Server Management Studio

Soft Skills: Problem Solving, Adaptability, Communication, Team Collaboration

PROJECTS :-

1)Hotel Management System | ASP.NET, C#, SQL Server, HTML, CSS, ADO.NET

- Built a web-based hotel management system with single master page architecture.
- Implemented user & hotel registration modules with authentication and validation.
- Integrated SQL Server database for storing and retrieving data.
- Delivered an interactive user-friendly interface for seamless hotel booking and management.

2)Qr-Code Scanner Generator | ASP.NET ,MVC - This project is all about dynamically generating QR codes in ASP.NET MVC. It helps generating QR codes,

-creating QR code images, and working with QR code-related tasks in ASP.NET MVC using a library called Qrcoder. Qrcoder generation project also helps for QR code text creation, reading QR codes, and image creation in ASP.NET MVC. We have used Asp.Net MVC for front end design, Sql server for back end design

3)Weather Forecasting using MVC

This project is used to display the weather forecast *OpenWeatherMap* Weather API.

Weather app is a web application which will tell the users about the weather details of any particular city. The easy and Interactive User Interface will help users to easily know about the temperature, wind speed, humidity and description about the weather. We have used Asp.Net MVC and JQuery for front end design, Sql server for back end design

4)My Portfolio Website For Showing All My Work using html,css and javascript

Developed a personal **portfolio website** using **HTML, CSS, and JavaScript**. Showcased projects and technical skills with an interactive UI/UX design.
